CONSTRUCTION FEATURES TO PROTECT YOUR VALUABLE SPECIMENS

The features shown here are proof that Lane cabinets are designed for permanent storage and protection of your collections.

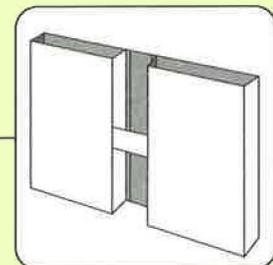

DOUBLE WALL CONSTRUCTION
Heavy duty—all steel welded cabinets.

ELASTOMERIC DOOR SEAL
• No adhesives

LIFT-OFF DOOR WITH SLIP TYPE HINGE
A slip type, 13-gauge, safe type steel hinge assures lifetime service. Simply open the door, lift up, and the door is completely free; and, it is as easy to replace. When mass transfer of specimens is to take place, remove the door and you have continuous uninterrupted access to the cabinet's contents.

THE DOUBLE PANELED DOOR is sturdy and assures complete and total contact with the airtight seal.
